

# Put safety on the front burner

November 24-30, 2014

NATIONAL HOME FIRE SAFETY WEEK

## Know what to do to prevent cooking fires:

- 1 Stand by your pan: Do not leave cooking unattended.
- 2 Don't give clutter a home on the range. If it's not a pot or pan, it doesn't belong on the stovetop.
- 3 Order in if you're stewed or half-baked. Cooking while inebriated is never a good idea.

**Careless cooking is the #1 cause of home fires.**

## and if dinner ignites:

- 1 Put a lid on it.
- 2 Shut off the burner and leave the lid on until the pan has completely cooled.
- 3 Never pour water on a grease fire.
- 4 If you can't contain the blaze within 30 seconds, get out, stay out and call for help.
